Where you get care can impact what you pay for care.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing.

As a member in this plan, you will pay different levels of cost share (such as copayments and/or coinsurance) for certain services depending on the network general hospital you choose to furnish those covered services. For most network general hospitals, you will pay the lowest cost sharing level. However, if you receive certain covered services from any of the network general hospitals listed in this Summary of Benefits, you pay the highest cost sharing level. A network general hospital's cost sharing level may change from time to time. Overall changes to add another network general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a network general hospital (not listed in this Summary of Benefits) for which you pay the lowest cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

YOUR CARE

Your Primary Care Provider (PCP)

When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org; consult Find a Doctor at bluecrossma.com/findadoctor; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals

Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Cost Share

This plan has two levels of hospital benefits. You will pay a higher cost share when you receive inpatient services at or by "higher cost share hospitals," even if your PCP refers you. See the chart for your cost share.

Higher Cost Share Hospitals

Your cost share will be higher at the hospitals listed below. Blue Cross Blue Shield of Massachusetts will let you know if this list changes.

- Baystate Medical Center
- Boston Children's Hospital
- Brigham and Women's Hospital
- Cape Cod Hospital
- Dana-Farber Cancer Institute
- Fairview Hospital
- Massachusetts General Hospital
- UMass Memorial Medical Center

All other network hospitals will carry the lower cost share, including network hospitals outside of Massachusetts.

Note: Some of the general hospitals listed above may have facilities in more than one location. At certain locations, the lowest cost sharing level may apply.

Your Deductible

Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **\$250** per member (or **\$750** per family).

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical and prescription drug benefits is **\$5,000** per member (or **\$10,000** per family).

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your deductible, you pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team

Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Service Area

The plan's service area includes all cities and towns in the Commonwealth of Massachusetts, State of Rhode Island, State of Vermont, State of Connecticut, State of New Hampshire, and State of Maine.

When Outside the Service Area

If you are traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your benefit description for more information.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	\$250 member / \$750 family.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u>?	Yes. <u>Preventive care</u> , prenatal care, <u>prescription drugs</u> , most office visits, mental health visits, and therapy visits.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	\$5,000 member / \$10,000 family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	<u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u>?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	Yes.	This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a <u>referral</u> before you see the <u>specialist</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing. As a member in this plan, you will pay different levels of cost share (such as copayments and coinsurance) for certain services depending on the network general hospital you choose to furnish those covered services. For most network general hospitals, you will pay the lowest cost sharing level. However, if you receive certain covered services from some network general hospitals, you pay the highest cost sharing level. A network general hospital's cost sharing level may change from time to time. Overall changes to add another network general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a network general hospital for which you pay the lowest cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice.

YOUR CARE

Access

This plan gives you the option to go directly to a specialist or any doctor in the HMO Blue New England network without a referral. Just show your Blue Cross Blue Shield of Massachusetts ID card and receive care. However, some services do require authorization. See your benefit description for details.

Primary Care Provider (PCP)

When you enroll in this health plan, you must choose a primary care provider. Be sure to select a doctor who is accepting you and your family members as new patients and participates in our network of providers in New England. For children, you may designate a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org; consult Find a Doctor at bluecrossma.com/findadoctor; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Your provider may also work with Blue Cross Blue Shield of Massachusetts regarding Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Deductible

Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **\$2,000** per individual membership (or **\$4,000** per family membership). **The entire family deductible must be satisfied before benefits are provided for any one member enrolled under a family membership.**

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible and copayments for covered services. Your out-of-pocket maximum for medical and prescription drug benefits is **\$5,000** per member (or **\$10,000** per family).

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your deductible, you pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

When Outside the Service Area

If you are traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. See your benefit description for more information.

Dependent Benefits

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$2,000 individual contract / \$4,000 family contract.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay.
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> and prenatal care.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without cost sharing and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	\$5,000 member / \$10,000 family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	\$5,000 member / \$10,000 family.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u>?	Yes. <u>Preventive care</u> and prenatal care.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	\$6,850 member / \$13,700 family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	<u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u>?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Where you get care can impact what you pay for care.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing.

As a member in this plan, you will pay different levels of in-network cost share (such as copayments and/or coinsurance) for certain services depending on the preferred general hospital you choose to furnish those covered services. For most preferred general hospitals, you will pay the lowest in-network cost sharing level. However, if you receive certain covered services from any of the preferred general hospitals listed in this Summary of Benefits, you pay the highest in-network cost sharing level. A preferred general hospital's cost sharing level may change from time to time. Overall changes to add another preferred general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a preferred general hospital (not listed in this Summary of Benefits for which you pay the lowest in-network cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

YOUR CHOICE

Your Deductible

Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductibles are **\$250** per member (or **\$750** per family) for in-network services and **\$400** per member (or **\$800** per family) for out-of-network services.

When You Choose Preferred Providers

You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your “in-network” benefits. See the charts for your cost share.

The plan has two levels of hospital benefits for preferred providers. You will pay a higher cost share when you receive inpatient services at or by “higher cost share hospitals,” even if your preferred provider refers you. See the chart for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you are referred to is not a preferred provider, you are still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

Higher Cost Share Hospitals

Your cost share will be higher at the hospitals listed below. Blue Cross Blue Shield of Massachusetts will let you know if this list changes.

- **Baystate Medical Center**
- **Boston Children’s Hospital**
- **Brigham and Women’s Hospital**
- **Cape Cod Hospital**
- **Dana-Farber Cancer Institute**
- **Fairview Hospital**
- **Massachusetts General Hospital**
- **UMass Memorial Medical Center**

Note: Some of the general hospitals listed above may have facilities in more than one location. At certain locations, the lowest cost share may apply.

How to Find a Preferred Provider

To find a preferred provider:

- Look up a provider on Find a Doctor at bluecrossma.com/findadoctor. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.
- Visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org

When You Choose Non-Preferred Providers

You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your “out-of-network” benefits. See the charts for your cost share.

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider’s actual billed charge (this is in addition to your deductible and/or your coinsurance).

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a calendar year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximums for medical and prescription drug benefits are **\$5,000** per member (or **\$10,000** per family) for in-network services and **\$3,000** per member for out-of-network services.

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your in-network deductible, you pay a copayment per visit for in-network or out-of-network emergency room services. The copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team

Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Utilization Review Requirements

Certain services require **pre-approval/prior authorization** through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, procedures, and drugs. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don’t get pre-approval when it’s required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their dependent’s financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. **NOTE:** Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see <https://semhg.org/>. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at bluecrossma.org/sbcglossary or call 1-800-932-8323 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$250 member / \$750 family in-network; \$400 member / \$800 family out-of-network.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network preventive and prenatal care, most office visits, mental health visits, therapy visits, prescription drugs.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$5,000 member / \$10,000 family in-network; \$3,000 member out-of-network .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

INFORMATION ABOUT THE PLAN

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing. As a member in this plan, you will pay different levels of in-network cost share (such as copayments and coinsurance) for certain services depending on the preferred general hospital you choose to furnish those covered services. For most preferred general hospitals, you will pay the lowest in-network cost sharing level. However, if you receive certain covered services from some preferred general hospitals, you pay the highest in-network cost sharing level. A preferred general hospital's cost sharing level may change from time to time. Overall changes to add another preferred general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a preferred general hospital for which you pay the lowest in-network cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice.

HOSPITAL CHOICE COST SHARING

Your medical plan gives you an opportunity to control your share of medical costs for hospital care. What you pay depends on the hospital or related facility you choose.

LOWER COST SHARE

Lower Cost Share (\$) applies to hospitals and related facilities that have met our quality benchmarks and are lower in cost. You pay less when you get care at these hospitals.

HIGHER COST SHARE

Higher Cost Share (\$\$) applies to hospitals and related facilities that are higher in cost. You pay more when you get care at these hospitals.

HOW HOSPITAL CHOICE COST SHARING WORKS

These costs apply to inpatient care, outpatient day surgery, outpatient high-tech radiology, outpatient diagnostic lab tests, outpatient diagnostic X-rays and other imaging tests, and outpatient short-term rehabilitation therapy.

This guide can help you get the highest value from your plan. Just follow the simple steps on the next page to review your hospitals and your options. Your health benefits will tell you what your specific share of the costs is. If you're not sure, you can call Member Service at the number on the front of your ID card.

Your deductible is **\$2,000** per individual membership (or **\$4,000** per family membership) for in-network and out-of-network services combined. **The entire family deductible must be satisfied before benefits are provided for any one member enrolled under a family membership.**

When You Choose Preferred Providers

You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your “in-network” benefits. See the charts for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you use is not a preferred provider, you are still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

How to Find a Preferred Provider

To find a preferred provider:

- Look up a provider on Find a Doctor at bluecrossma.com/findadoctor. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.
- Visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org

When You Choose Non-Preferred Providers

You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your “out-of-network” benefits. See the charts for your cost share.

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider’s actual billed charge (this is in addition to your deductible and/or your coinsurance).

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical and prescription drug benefits is **\$5,000** per member (or **\$10,000** per family) for in-network and out-of-network services combined.

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your deductible, you pay a copayment per visit for in-network or out-of-network emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team

Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Utilization Review Requirements

Certain services require **pre-approval/prior authorization** through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, procedures, and drugs. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don’t get pre-approval when it’s required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u>?	\$2,000 individual contract / \$4,000 family contract.	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay.
Are there services covered before you meet your <u>deductible</u>?	Yes. In-network prenatal care; <u>preventive care</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket limit</u> for this <u>plan</u>?	\$5,000 member / \$10,000 family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u>?	<u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u>?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

SUBMITTING A CLAIM

Inpatient care services

- When inpatient care is needed, members must call the **Blue Cross Blue Shield Global Core Services Center** at **1-800-810-2583** or call collect at **1-804-673-1177**.
- Global Core has a network of participating hospitals and provider referrals. We'll help members find providers and obtain authorization.
- Authorizations are required for out-of-country inpatient care. If a member is admitted as an inpatient to a facility, and authorization is not received at the time of the admission, medical records must be sent to Blue Cross Blue Shield of Massachusetts for review.
- In most cases, members shouldn't need to pay up front for inpatient care at a participating Global Core facility, except for the out-of-pocket expenses (non-covered services, deductible, copayment, and co-insurance).
- For members to avoid paying up front for inpatient care, cashless access needs to be arranged by Global Core. This process requires the timely completion of the Guarantee of Payment Form between Global Core and the facility.
- The facility should submit the claim on behalf of the member.
- Global Core must send medical information to Blue Cross Blue Shield of Massachusetts Health and Medical Management, for them to decide on the required inpatient authorization.
- If Global Core can't provide us with medical information before the member's discharge, the member will have to pay for the services and submit a claim to Global Core for payment.
- The member must complete (and sign) the **Global Core Claim Form** and attach an itemized statement.
- Members should try to obtain a copy of their medical records prior to discharge. Medical information will be needed for us to review for a post-service authorization.

Outpatient care services

(Plans with out-of-network benefits only)

- For outpatient visits to a provider or a hospital, members should show their ID card and pay at the time of service.
- Members are responsible for non-covered services, deductible, copayment, and co-insurance.
- For repayment, members must complete an **International Claim Form** and submit an itemized bill for reimbursement.
- Global Core receives the claim, interprets any documents (if necessary), and negotiates the foreign exchange rate to U.S. dollars.
- Global Core then forwards the claim for processing to Blue Cross Blue Shield of Massachusetts.
- If members want to be repaid via a check in U.S. currency, we'll issue the payment and corresponding Explanation of Benefits or Claim Summary.
- If members want to be repaid in foreign currency or in U.S. currency via a wire transfer, Global Core will issue the payment and Explanation of Benefits or Claim Summary.

The Blue Cross Blue Shield **Global Core Claim Form** (also called International Claim Form) is available at **bcbsglobalcore.com**. For security, a signature is needed on the claim form. Members can fill out the claim online, print it, sign it, scan it, and email it to **claims@bcbsglobalcore.com**. This email address is listed on the form.

They can also mail the claim to:

A WHOLE NEW WAY TO DO PRIMARY CARE

Your Virtual Care Team is here

An innovative way to do primary care that's convenient and comprehensive is here. You can now choose a virtual primary care provider (PCP) to lead your new Virtual Care Team.*

PRIMARY CARE THAT'S A PRIME EXPERIENCE

It's a new kind of primary care — one that comes with a team of experts committed to getting you the care you need.

CONVENIENT

With virtual visits, there's no need to travel to the doctor's office and no waiting room.

COMPREHENSIVE

Your team is here to make sure your physical and mental health needs are met.

COORDINATED

If you need in-person care, a care coordinator will help find in-network specialists who work for you.

START BY PICKING
YOUR VIRTUAL PCP

ENJOY MORE
CONVENIENT CARE

GET THE BEST
OF BOTH WORLDS

To get started with your Virtual Care Team, the first step is selecting a virtual PCP. You'll also get access to a care coordinator, and your team may include other experts, such as a mental health specialist, picked based on your health needs. It's the care you need most, in the most convenient way.

Scheduling visits is as easy as hopping online, with appointments available in days, not weeks. Plus, you can reach out to your team with questions via talk, text, email, and chat. It's care that works on your terms, on your schedule, wherever you are, with a level of communication, technology, and access that will surprise you.

After your first visit, you'll receive a welcome kit which may include connected medical devices, like a blood pressure monitor, that make your virtual care as thorough as in-person visits. When you do need in-person care, your team will help find a specialist who works for you and follow up with you after the appointment.

HEALTH SAVINGS ACCOUNTS

Control, Flexibility, and Peace of Mind

Your health plan includes an option for you to open a Health Savings Account (HSA). Setting up an HSA with your Blue Cross Blue Shield of Massachusetts Saver plan is a great way to control and plan for your health care expenses, now and in the future. It gives you the freedom to manage how you save and spend your health care dollars.

What is an HSA?

An HSA allows you to set aside tax-free dollars that you can save for medical expenses today, tomorrow, and even for retirement.

How does an HSA work?

The HSA works a lot like a savings account that you use to pay for qualified health care expenses. Money is deposited into the account, and you can spend it when you need it.

Because your health plan has a deductible, the HSA is a great way to set aside funds to minimize your out-of-pocket costs when you get care.

You can use the HSA to pay for qualified medical expenses, such as:

- Qualified medical, dental, and vision services
- Deductibles
- Copayments
- Co-insurance

You can also use the HSA funds for some qualified expenses that aren't covered by traditional health plans, such as laser eye surgery. However, if you use the HSA funds for non-qualified services, you'll be responsible for taxes and a penalty.

Sign In

Visit myblue.bluecrossma.com to create an account, or download the app from the App Store® or Google Play™.

What are the advantages of an HSA?

An HSA allows you to put money aside for health care expenses, control the funds, and enjoy the benefits of:

- Pre-tax contributions—These reduce your taxable income. For example, if you're in the 30 percent federal tax bracket and contribute \$100 each month to your HSA, your taxable income will decrease by \$100, saving you \$30 in taxes.
- Tax-free growth—Earn interest and build savings tax-free
- Tax-free withdrawals—For qualified medical expenses
- Portability—The funds stay with you if you change employers
- Control—Decide for yourself whether to spend or save
- Investment flexibility—Help your money grow by investing in mutual funds and other securities (check with your HSA administrator for investment rules)
- Retirement savings—Similar to an IRA, you can make tax-free contributions to your HSA. However, unlike an IRA, withdrawals from your HSA are tax-free when you withdraw money from your HSA after the age of 65 for qualified medical expenses.

Can I use an HSA to build health care savings?

The money in your HSA is yours, and you control the account. If you leave your employer, your account goes with you and any unused funds roll over from year to year.

This means you can save funds for use in future years—even in retirement. And, you can invest the money to help it grow (see your HSA administrator for specifics on investing).

How much can I contribute to my HSA?

You can fund an HSA within the annual limits set by the Internal Revenue Service:

Maximum HSA Contribution ¹	Individual	Family
2026	\$4,400	\$8,750
2025	\$4,300	\$8,550

1. Adjusted annually for inflation. If you're age 55 or older, you can make additional "catch-up" contributions. The "catch-up" contribution limit for 2025 and 2026 is \$1,000.

OUR COMMITMENT TO CONFIDENTIALITY (NOTICE OF PRIVACY PRACTICES) AND WOMEN'S HEALTH AND CANCER RIGHTS ACT (WHCRA) NOTICE

This notice describes how medical and dental information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Our Commitment: We respect your right to privacy. We will not disclose personally identifiable information about you without your permission, unless the disclosure is necessary to provide our services to you or is otherwise in accordance with the law.

Collection of Information

We collect only the information about you that we need to operate our business. We collect information from other parties, such as your health care providers and employers. Examples of the information we collect are (i) medical and dental information from health care providers when they submit claims for services and (ii) personal information such as name, address, and date of birth, which is most often supplied by you or your employer when you enroll in a plan.

USE AND DISCLOSURE OF INFORMATION

We are required by law to protect the confidentiality of information about you and to notify you in case of a breach affecting your information. We may use and disclose information about you without your written authorization for the following purposes, to the extent otherwise permitted or required by law:

You or Your Representatives—to you or your “personal representative” upon request or to help you (or your personal representative) understand treatment options, benefits, or the rights available to you. Your “personal representative” is a person who has legal authority to make health-related decisions on your behalf, such as a person with a health-care power of attorney. Your request must be in writing. Please complete the Documentation of Legal Representative Status for Members form available on our website. You also may designate a family member or friend to receive information and interact with us on your behalf. Your designation and any subsequent revocation must be in writing. Please complete the Member’s Designation of an Authorized Representative form available on our website. You may also call Member Service for a copy of these forms.

- **Treatment**—to help health care providers manage or coordinate your health care and related services. For example, we may use and disclose information about you to inform providers of medications you take or to remind you of appointments.
- **Payment**—to obtain payment for your coverage, pay claims for your health benefits, or help another health plan or health care provider in its payment activities. For example, we may use or disclose information about you to make coverage determinations, administer claims, or coordinate benefits with other coverage you may have.
- **Health Care Operations**—to perform other activities necessary for the operation of our business, including customer service, disease management, and determining how to improve the quality of care. For example, we may use or disclose information about you to respond to your call to customer service, arrange for medical review of your claims, or conduct quality assessment and improvement activities.

- **Legal Compliance**—to comply with applicable law. For example, we may be required to use or disclose information about you to respond to regulatory authorities responsible for oversight of government benefit programs or our business operations; to parties or courts in the course of judicial or administrative proceedings; or pursuant to workers' compensation laws.
- **Government Agencies**—under limited circumstances established by law, to public health authorities, coroners or medical examiners, law enforcement, or other government officials
- **Research**—for health-related research studies that meet legal standards for protection of the individuals involved in the studies and their personal information. We may also create a database of our members' information that does not include individual identifiers and use the database for research or other purposes, provided that the information cannot be traced back to specific members.
- **To Your Employer** (or other plan sponsor), if applicable, for administration of its health plan. This applies only if you receive coverage through an employer-sponsored plan (or plan sponsored by your union or other entity). For example, we may disclose information about you to your employer (or other plan sponsor) to confirm

enrollment in the plan or (if the employer or other plan sponsor is self-insured) for claim review and audits. We will disclose your information only to designated individuals. That, along with legal prohibitions on use of your personal information for discriminatory purposes, helps protect your information from unauthorized use.

To carry out these purposes, we share information with entities that perform functions for us subject to contracts that limit use and disclosure for intended purposes. We use physical, electronic, and procedural safeguards to protect your privacy. Even when allowed, we limit uses and disclosures of your information to the minimum amount reasonably necessary for the intended task.

The Health Insurance Portability and Accountability Act (HIPAA) generally does not override other laws that give people greater privacy protections. As a result, we must comply with any state or federal privacy laws that require us to provide you with more privacy protections. For example, federal law provides special protections for substance use disorder information; Massachusetts state law restricts the disclosure of HIV and AIDS related information. In addition, we will not use (and are prohibited from using) your genetic information for underwriting purposes.

OTHER DISCLOSURES REQUIRE YOUR WRITTEN AUTHORIZATION

Except as provided in this notice, we will not use or disclose information about you without your written authorization. For example, we must have your written authorization to use or disclose your information for marketing purposes or (in most cases) to use or disclose psychotherapy notes. Although we would need written authorization to sell information about you, we do not sell members' information.

You may revoke your authorization at any time. Your authorization must be in writing. Your revocation will not affect any action that we have already taken in reliance on your authorization. If you would like us to disclose information about you to a third party, please complete the Permission for One-Time Disclosure of Information form available on our website or call Member Service for a copy of the form.

YOUR PRIVACY RIGHTS

You have the following rights with respect to information about you. You may exercise any of these rights by calling the Member Service number listed on your member ID card or contacting us at the address listed at the end of this notice. The forms listed below are also available on our website.

- **You have the right to receive information about privacy protections.** Your member-education materials include a notice of your rights, and you may request a paper copy of this notice at any time.

We may charge a reasonable fee for copying and mailing you this information. Please complete the Request for Access to Copies of Protected Health Information in Designated Record Set form to request copies of your information.
- **You have the right to receive an accounting of certain disclosures that we make of information about you.** Your request must be in writing. Please complete the Members Request for an Accounting of Disclosures form. Our response will exclude any disclosures made in support of treatment, payment, and health care operations or that you authorized (among others). An example of a disclosure that would be reported to you is our disclosure of your information in response to a court order.
- **You have the right to ask us to correct or amend information you believe to be incorrect.** Your request to correct or amend information must be in writing. Please complete the Members Request to Amend Protected Health Information form. If we deny your request, you may ask us to make your request part of your records.

- **You have the right to ask that we restrict or refuse the disclosure of information about you and that we direct communications to you by alternative means or to alternative locations.** While we may not always be able to agree to your request, we will make reasonable efforts to accommodate requests. Unless you've notified us to request a different mailing address, Summary of Health Plan Payments statements for the subscriber, and all members listed on the subscriber's plan, are generally delivered to the subscriber's address. Under certain circumstances, you can request to not receive statements for a particular service, or to have statements delivered through an alternate method or to an alternate address, when required by state law. If you have concerns about protecting the privacy of your medical information in your

statements, you can have these statements delivered to an address other than the plan subscriber's address, or have them delivered only via electronic means. For help understanding your delivery options, please call Member Service at the number listed on your member ID card. Your request and any subsequent revocation must be in writing.

Glossary of Health Coverage and Medical Terms

- This glossary defines many commonly used terms, but isn't a full list. These glossary terms and definitions are intended to be educational and may be different from the terms and definitions in your [plan](#) or [health insurance](#) policy. Some of these terms also might not have exactly the same meaning when used in your policy or [plan](#), and in any case, the policy or [plan](#) governs. (See your Summary of Benefits and Coverage for information on how to get a copy of your policy or [plan](#) document.)
- [Underlined](#) text indicates a term defined in this Glossary.
- See page 6 for an example showing how [deductibles](#), [coinsurance](#) and [out-of-pocket limits](#) work together in a real life situation.

Allowed Amount

This is the maximum payment the [plan](#) will pay for a covered health care service. May also be called “eligible expense,” “payment allowance,” or “negotiated rate.”

Appeal

A request that your health insurer or [plan](#) review a decision that denies a benefit or payment (either in whole or in part).

Balance Billing

When a [provider](#) bills you for the balance remaining on the bill that your [plan](#) doesn't cover. This amount is the difference between the actual billed amount and the [allowed amount](#). For example, if the provider's charge is \$200 and the allowed amount is \$110, the provider may bill you for the remaining \$90. This happens most often when you see an [out-of-network provider](#) ([non-preferred provider](#)). A [network provider](#) ([preferred provider](#)) may not balance bill you for covered services.

Claim

A request for a benefit (including reimbursement of a health care expense) made by you or your health care [provider](#) to your health insurer or [plan](#) for items or services you think are covered.

Coinsurance

Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the [allowed amount](#) for the service. You generally pay coinsurance *plus* any [deductibles](#) you owe. (For example, if the [health insurance](#) or [plan's](#) allowed amount for an office visit is \$100 and you've met your [deductible](#), your coinsurance payment of 20% would be \$20. The [health insurance](#) or [plan](#) pays the rest of the allowed amount.)

(See page 6 for a detailed example.)

Complications of Pregnancy

Conditions due to pregnancy, labor, and delivery that require medical care to prevent serious harm to the health of the mother or the fetus. Morning sickness and a non-emergency caesarean section generally aren't complications of pregnancy.

Copayment

A fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service (sometimes called “copay”). The amount can vary by the type of covered health care service.

Cost Sharing

Your share of costs for services that a [plan](#) covers that you must pay out of your own pocket (sometimes called “out-of-pocket costs”). Some examples of cost sharing are [copayments](#), [deductibles](#), and [coinsurance](#). Family cost sharing is the share of cost for [deductibles](#) and [out-of-pocket](#) costs you and your spouse and/or child(ren) must pay out of your own pocket. Other costs, including your [premiums](#), penalties you may have to pay, or the cost of care a [plan](#) doesn't cover usually aren't considered cost sharing.

Cost-sharing Reductions

Discounts that reduce the amount you pay for certain services covered by an individual [plan](#) you buy through the [Marketplace](#). You may get a discount if your income is below a certain level, and you choose a Silver level health plan or if you're a member of a federally-recognized tribe, which includes being a shareholder in an Alaska Native Claims Settlement Act corporation.

Deductible

An amount you could owe during a coverage period (usually one year) for covered health care services before your [plan](#) begins to pay. An overall deductible applies to all or almost all covered items and services. A [plan](#) with an overall deductible may also have separate deductibles that apply to specific services or groups of services. A [plan](#) may also have only separate deductibles. (For example, if your deductible is \$1000, your plan won't pay anything until you've met your \$1000 deductible for covered health care services subject to the deductible.)

(See page 6 for a detailed example.)

Diagnostic Test

Tests to figure out what your health problem is. For example, an x-ray can be a diagnostic test to see if you have a broken bone.

Durable Medical Equipment (DME)

Equipment and supplies ordered by a health care [provider](#) for everyday or extended use. DME may include: oxygen equipment, wheelchairs, and crutches.

Emergency Medical Condition

An illness, injury, symptom (including severe pain), or condition severe enough to risk serious danger to your health if you didn't get medical attention right away. If you didn't get immediate medical attention you could reasonably expect one of the following: 1) Your health would be put in serious danger; or 2) You would have serious problems with your bodily functions; or 3) You would have serious damage to any part or organ of your body.

Emergency Medical Transportation

Ambulance services for an [emergency medical condition](#). Types of emergency medical transportation may include transportation by air, land, or sea. Your [plan](#) may not cover all types of emergency medical transportation, or may pay less for certain types.

Emergency Room Care / Emergency Services

Services to check for an [emergency medical condition](#) and treat you to keep an [emergency medical condition](#) from getting worse. These services may be provided in a licensed hospital's emergency room or other place that provides care for [emergency medical conditions](#).

Excluded Services

Health care services that your [plan](#) doesn't pay for or cover.

Formulary

A list of drugs your [plan](#) covers. A formulary may include how much your share of the cost is for each drug. Your [plan](#) may put drugs in different [cost-sharing](#) levels or tiers. For example, a formulary may include generic drug and brand name drug tiers and different [cost-sharing](#) amounts will apply to each tier.

Grievance

A complaint that you communicate to your health insurer or [plan](#).

Habilitation Services

Health care services that help a person keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Health Insurance

A contract that requires a health insurer to pay some or all of your health care costs in exchange for a [premium](#). A health insurance contract may also be called a "policy" or "[plan](#)."

Home Health Care

Health care services and supplies you get in your home under your doctor's orders. Services may be provided by nurses, therapists, social workers, or other licensed health care [providers](#). Home health care usually doesn't include help with non-medical tasks, such as cooking, cleaning, or driving.

Hospice Services

Services to provide comfort and support for persons in the last stages of a terminal illness and their families.

Hospitalization

Care in a hospital that requires admission as an inpatient and usually requires an overnight stay. Some [plans](#) may consider an overnight stay for observation as outpatient care instead of inpatient care.

Hospital Outpatient Care

Care in a hospital that usually doesn't require an overnight stay.

In-network Coinsurance

Your share (for example, 20%) of the [allowed amount](#) for covered health care services. Your share is usually lower for in-network covered services.

In-network Copayment

A fixed amount (for example, \$15) you pay for covered health care services to [providers](#) who contract with your [health insurance](#) or [plan](#). In-network copayments usually are less than [out-of-network copayments](#).

Marketplace

A marketplace for [health insurance](#) where individuals, families and small businesses can learn about their [plan](#) options; compare plans based on costs, benefits and other important features; apply for and receive financial help with [premiums](#) and [cost sharing](#) based on income; and choose a [plan](#) and enroll in coverage. Also known as an “Exchange.” The Marketplace is run by the state in some states and by the federal government in others. In some states, the Marketplace also helps eligible consumers enroll in other programs, including Medicaid and the Children’s Health Insurance Program (CHIP). Available online, by phone, and in-person.

Maximum Out-of-pocket Limit

Yearly amount the federal government sets as the most each individual or family can be required to pay in [cost sharing](#) during the [plan](#) year for covered, in-network services. Applies to most types of health [plans](#) and insurance. This amount may be higher than the [out-of-pocket limits](#) stated for your [plan](#).

Medically Necessary

Health care services or supplies needed to prevent, diagnose, or treat an illness, injury, condition, disease, or its symptoms, including habilitation, and that meet accepted standards of medicine.

Minimum Essential Coverage

Minimum essential coverage generally includes [plans](#), [health insurance](#) available through the [Marketplace](#) or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage. If you are eligible for certain types of minimum essential coverage, you may not be eligible for the [premium tax credit](#).

Minimum Value Standard

A basic standard to measure the percent of permitted costs the [plan](#) covers. If you’re offered an employer [plan](#) that pays for at least 60% of the total allowed costs of benefits, the [plan](#) offers minimum value and you may not qualify for [premium tax credits](#) and [cost-sharing reductions](#) to buy a [plan](#) from the [Marketplace](#).

Network

The facilities, [providers](#) and suppliers your health insurer or [plan](#) has contracted with to provide health care services.

Network Provider (Preferred Provider)

A [provider](#) who has a contract with your [health insurer](#) or [plan](#) who has agreed to provide services to members of a [plan](#). You will pay less if you see a [provider](#) in the [network](#). Also called “preferred provider” or “participating provider.”

Orthotics and Prosthetics

Leg, arm, back and neck braces, artificial legs, arms, and eyes, and external breast prostheses after a mastectomy. These services include: adjustment, repairs, and replacements required because of breakage, wear, loss, or a change in the patient’s physical condition.

Out-of-network Coinsurance

Your share (for example, 40%) of the [allowed amount](#) for covered health care services to [providers](#) who don’t contract with your [health insurance](#) or [plan](#). Out-of-network coinsurance usually costs you more than [in-network coinsurance](#).

Out-of-network Copayment

A fixed amount (for example, \$30) you pay for covered health care services from [providers](#) who do *not* contract with your [health insurance](#) or [plan](#). Out-of-network copayments usually are more than [in-network copayments](#).

Out-of-network Provider (Non-Preferred Provider)

A [provider](#) who doesn’t have a contract with your [plan](#) to provide services. If your [plan](#) covers out-of-network services, you’ll usually pay more to see an out-of-network provider than a [preferred provider](#). Your policy will explain what those costs may be. May also be called “non-preferred” or “non-participating” instead of “out-of-network provider.”

Out-of-pocket Limit

The most you *could* pay during a coverage period (usually one year) for your share of the costs of covered services.

After you meet this limit the [plan](#) will usually pay 100% of the [allowed amount](#). This limit helps you plan for

health care costs. This limit never includes your [premium](#), [balance-billed](#) charges or health care your [plan](#) doesn't cover. Some [plans](#) don't count all of your [copayments](#), [deductibles](#), [coinsurance](#) payments, out-of-network payments, or other expenses toward this limit.

Physician Services

Health care services a licensed medical physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), provides or coordinates.

Plan

Health coverage issued to you directly (individual plan) or through an employer, union or other group sponsor (employer group plan) that provides coverage for certain health care costs. Also called “health insurance plan,” “policy,” “health insurance policy,” or “[health insurance](#).”

Preauthorization

A decision by your health insurer or [plan](#) that a health care service, treatment plan, [prescription drug](#) or [durable medical equipment \(DME\)](#) is [medically necessary](#). Sometimes called “prior authorization,” “prior approval,” or “precertification.” Your [health insurance](#) or [plan](#) may require preauthorization for certain services before you receive them, except in an emergency. Preauthorization isn't a promise your [health insurance](#) or [plan](#) will cover the cost.

Premium

The amount that must be paid for your [health insurance](#) or [plan](#). You and/or your employer usually pay it monthly, quarterly, or yearly.

Premium Tax Credits

Financial help that lowers your taxes to help you and your family pay for private [health insurance](#). You can get this help if you get [health insurance](#) through the [Marketplace](#) and your income is below a certain level. Advance payments of the tax credit can be used right away to lower your monthly [premium](#) costs.

Prescription Drug Coverage

Coverage under a [plan](#) that helps pay for [prescription drugs](#). If the plan's [formulary](#) uses “tiers” (levels), prescription drugs are grouped together by type or cost. The amount you'll pay in [cost sharing](#) will be different for each “tier” of covered [prescription drugs](#).

Prescription Drugs

Drugs and medications that by law require a prescription.

Preventive Care (Preventive Service)

Routine health care, including [screenings](#), check-ups, and patient counseling, to prevent or discover illness, disease, or other health problems.

Primary Care Physician

A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), who provides or coordinates a range of health care services for you.

Primary Care Provider

A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), nurse practitioner, clinical nurse specialist, or physician assistant, as allowed under state law and the terms of the [plan](#), who provides, coordinates, or helps you access a range of health care services.

Provider

An individual or facility that provides health care services. Some examples of a provider include a doctor, nurse, chiropractor, physician assistant, hospital, surgical center, skilled nursing facility, and rehabilitation center. The [plan](#) may require the provider to be licensed, certified, or accredited as required by state law.

Reconstructive Surgery

Surgery and follow-up treatment needed to correct or improve a part of the body because of birth defects, accidents, injuries, or medical conditions.

Referral

A written order from your [primary care provider](#) for you to see a [specialist](#) or get certain health care services. In many health maintenance organizations (HMOs), you need to get a referral before you can get health care services from anyone except your [primary care provider](#). If you don't get a referral first, the [plan](#) may not pay for the services.

Rehabilitation Services

Health care services that help a person keep, get back, or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt, or disabled. These services may include physical and occupational therapy, speech-language pathology, and psychiatric rehabilitation services in a variety of inpatient and/or outpatient settings.

Screening

A type of [preventive care](#) that includes tests or exams to detect the presence of something, usually performed when you have no symptoms, signs, or prevailing medical history of a disease or condition.

Skilled Nursing Care

Services performed or supervised by licensed nurses in your home or in a nursing home. Skilled nursing care is *not* the same as “skilled care services,” which are services performed by therapists or technicians (rather than licensed nurses) in your home or in a nursing home.

Specialist

A [provider](#) focusing on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions.

Specialty Drug

A type of [prescription drug](#) that, in general, requires special handling or ongoing monitoring and assessment by a health care professional, or is relatively difficult to dispense. Generally, specialty drugs are the most expensive drugs on a [formulary](#).

UCR (Usual, Customary and Reasonable)

The amount paid for a medical service in a geographic area based on what [providers](#) in the area usually charge for the same or similar medical service. The UCR amount sometimes is used to determine the [allowed amount](#).

Urgent Care

Care for an illness, injury, or condition serious enough that a reasonable person would seek care right away, but not so severe as to require [emergency room care](#).

A Guide to Your Summary of Health Plan Payments¹

The Summary of Health Plan Payments shows you how we process claims for medical services you've received. This statement is not a bill.

How the Payment Process Works

When you visit a health care provider, you pay a copayment.²

The provider submits a bill for services to Blue Cross. This is called a claim.

You'll get a Summary of Health Plan Payments if there's a balance remaining after we process the claim and pay our share of the costs. Your provider will send you a bill if you owe any money.

Payment overview*

Allowed amount	\$5,000.00
Amount covered	\$3,700.00

Copayments	\$0.00
Deductible	\$1,000.00
Co-insurance	\$0.00
Not Covered	\$300.00
Total	\$1,300.00

This is not a bill.

Copayments

Your copayments (also known as a copay) are the fixed dollar amount you pay each time you see a provider² or fill a prescription. Look for your copay amount on your member ID card.

Deductible

If your plan has a deductible, this is the amount of money you pay out-of-pocket for health care services, such as blood tests and x-rays, before Blue Cross starts to pay for them.

Co-insurance

If your plan has co-insurance, you're responsible for paying a predetermined percentage of your medical expenses once your deductible has been met.

Amount covered you owe by Blue Cross

*See the glossary on the previous page to find out more about the terms included in the payment overview and payment details pages.

Amount you owe (if any)

Tip: See the glossary on page 2 of your statement for the meaning of any unfamiliar terms.

The provider sends you a bill. (if you owe money)

You pay your provider.

Financial accounts can help cover costs.

If your plan has a Health Reimbursement Arrangement, Health Savings Account, or Flexible Spending Account, you can use it to pay medical expenses, such as your deductible and copayments. You can also use these accounts to pay for eyeglasses and dental services.

1. Medex members receive statements called Explanation of Benefits.

2. Except for certain plans, preventive services are fully covered. Some plans may require co-insurance.

LEARN ABOUT TIERS

BLUE CROSS BLUE SHIELD OF MASSACHUSETTS FORMULARY

The following information explains our tiered pharmacy plans with the Blue Cross Blue Shield of Massachusetts formulary (list of covered medications), and how those tiers determine the cost of your medications.

Our formulary includes a range of generic and brand-name medications, which are placed into tiers. Your out-of-pocket costs will depend on your plan benefits and the tier of your medication.

HOW TIERS DETERMINE WHAT YOU PAY FOR MEDICATIONS

Our list of covered medications is based on a tiered cost structure. When you fill a prescription, the amount you pay the pharmacy is determined by your medication's tier and your benefits. The amount you pay may also include your copayment, co-insurance, and deductibles. The pharmacist will tell you what you owe at checkout. To find your out-of-pocket costs in advance, download the MyBlue app, or create an account at bluecrossma.org. Once signed in, click **Price a Medication** under **My Medications**.

HOW COVERED MEDICATIONS ARE PLACED INTO TIERS

Medications are placed into tiers according to a variety of factors, including what they're used for, their cost, and whether equivalent or alternative medications are available. Lower-tier medications typically cost less than higher-tier medications. For example, in a 3-tier structure, you'll likely pay the least for Tier 1 medications and the most for Tier 3 medications.

Pharmacy plans can use one of the five different tier structures outlined in this document. Check your plan materials to see which tier structure your plan uses, and to learn more about how medications are covered.¹

Learn more about your coverage

For more information about your pharmacy benefits, sign in to MyBlue at bluecrossma.org.

¹. Exceptions may apply. For example, the brands and preferred brands tiers could include some generic medications in addition to brand-name medications.

OUR TIER STRUCTURES

Generic medications are effective, low-cost alternatives to brand-name medications. They're expected to work the same as brand-name medications, and meet the same Food & Drug Administration (FDA) requirements.

4-TIER

Tier 1: Preferred generics

These medications are preferred because they cost less than other generic medications.

Tier 2: Non-preferred generics

Hinge Health for Chronic Back and Joint Pain

What Is Hinge Health?

Hinge Health, an independent company, provides a preventive pain management program that helps adults proactively manage chronic back and knee pain through a 12-week, coach-led, digital experience. The program was developed using proven, non-surgical care guidelines, and includes detailed walk-throughs of exercise therapy, educational articles, and behavioral health interventions.

How Does It Work?

Hinge Health is an easy-to-use, high-impact program that gives members the tools to manage chronic pain effectively, without leaving their home or relying on medications and surgery. With this program, they'll gain access to:

Supporting Technology

Getting started with Hinge Health is simple—employees take a quick online clinical screening, and then receive the program kit by mail. Each kit will include Bluetooth®-enabled exercise bands with motion-sensing technology, and a tablet pre-loaded with the Hinge Health app, all ready to use right out of the box.

Weekly Personalized Educational Resources

Your employees receive new articles that explain their specific condition, discuss potential treatment possibilities with an emphasis on non-surgical options, and dispel common misconceptions.

Guided Exercise Therapy

Participants will receive a tailored program of simple stretching and strengthening exercises. As participants perform the exercises, a health coach monitors them to ensure safe form and movement, and offers real-time feedback and support.

The Cost of Musculoskeletal (MSK) Complications

1 out of 6 health care dollars is spent on MSK¹

50% of your workforce suffers from MSK pain²

77% of MSK's costs are for surgeries and opioid medications³

Impact of Hinge Health

Hinge Health participants:

- experience 70% less pain
- avoid two out of three MSK-related surgeries
- avoid the need for opioid-based pain medications

Everything They Need in One Kit

Hinge Health participants receive:

- Bluetooth-enabled exercise bands
- A pre-loaded Hinge Health tablet and app
- An assigned health coach
- Co-branded marketing materials
- Educational webinars

Three Steps to Behavioral Health Interventions

1. Each participant is screened for a variety of psychosocial risks to identify mental barriers to pain management. Each risk is targeted with cognitive-behavior therapy exercises, to set participants up for success.
2. All program communications can be customized to their preference—they can choose to receive information through text, email, phone, or in-app.
3. An assigned health coach keeps participants on track toward their pain management goal, providing support from start to finish.

Ease of Implementation

Getting started with Hinge Health is simple—all your employees need to do when they're ready to get started is:

1. Register online through the Hinge Health portal, set up specifically for your employees
2. Take their online clinical screening
3. Participate in a program kick-off phone call with their assigned health coach
4. Engage in the 12-week program

The Blue Cross and Hinge Health Partnership Gives You:

- Simple use-based pricing
- Fewer claim outcomes involving pain, surgery, and depression, backed by two randomized, controlled trials
- Proven implementation with major self-insured employers
- A turnkey deployment playbook led by Hinge Health's Client Success team

CALL TEAM BLUE

Let us know if you have more than one plan by calling us at **1-888-799-1888**.

COORDINATION OF BENEFITS ENSURES YOUR BEST COVERAGE

If you're covered by more than one medical or dental insurance plan, you must inform us which ones you have so we can coordinate your benefits. This will help us work with your other plans, to make sure you get the best coverage when you receive medical or dental services. It will also ensure that your claims are processed correctly.

HOW TO KNOW WHEN COORDINATION OF BENEFITS IS NEEDED

When you have more than one insurance plan, one plan is designated as your primary plan and will pay your claims first. The other plan(s) will pay toward the remaining cost. Federal and state rules will usually determine which plan is primary. You may need coordination of benefits if:

- You and your spouse each have separate insurance plans through your employers
- Your child has one insurance plan through school and another through you or an employer
- Your child has multiple plans as the result of a divorce or custody arrangement
- You or a family member also have Medicare coverage

WHAT TO DO IF YOU HAVE MORE THAN ONE MEDICAL OR DENTAL PLAN

- Call each insurer to let them know. Each insurer can tell you which plan is primary and which is secondary. When calling, be sure you have your member ID cards ready.
- When you visit a doctor, dentist, or hospital, present each insurance card to the office on the day of your visit. This information is needed to determine which company should be billed as a primary insurer, and which should be billed as a secondary insurer.
- If one of your insurance plans is canceled, you'll need to inform the other plan(s).

IF YOU'RE TURNING 65 YEARS OLD AND THINKING ABOUT MEDICARE

Call Medicare directly at **1-800-MEDICARE (1-800-633-4227)**.

If you sign up for Medicare, call us at **1-888-799-1888** to submit your new plan information. If you don't call us, your claims could be delayed or processed incorrectly.
